

## **CITY OF CAMANCHE FALL PICKUP**

The Fall large item collection for the residents in the City of Camanche is scheduled for November 6<sup>th</sup> through the 10<sup>th</sup>. All items will be collected during this time frame only, once they leave a neighborhood, they will NOT come back through a second time. Have your items out no earlier than November 1<sup>st</sup> and no later than November 5<sup>th</sup>. There has to be a reasonable limit to the amount of material that can be set out for large item collection. Since it cannot be weighed or measured, the amount should be limited to no more than a small pickup load. The contractor will take the amount he feels is reasonable and leave the rest. Because of limitations imposed by the State or County, there are many items that cannot be taken to the landfill, or require payment of a separate fee. For those reasons, these items are not eligible for the large item collection: tires, appliances (washers, dryers, refrigerators, microwaves, etc.) electronics (televisions, computers, monitors, VCRs, stereos, printers, etc.) car batteries, paint or chemicals, construction debris, yard waste, pipes, swing sets, and fence posts. We cannot create an all-inclusive list, but this should give you an idea of the types of things that cannot be taken. If you are unsure, please call City Hall at 259-8342 and we will find out.
