6:00 P.M. – CAMANCHE CITY HALL 818-7th Avenue
TO ATTEND BY PHONE: 1-717-275-8940 ACCESS CODE: 289 8487
ATTEND VIA INTERNET: <https://hello.freeconference.com/conf/call/2898487>
(PLACE YOUR PHONE ON MUTE UNTIL PUBLIC COMMENTS)
MARCH 7, 2023

Roll Call

Moment of Silent Prayer

Pledge of Allegiance

Approval of Agenda

Public Comments on Agenda Topics-State Your Name and Address (3 Minute Limit)

Consent Agenda:

- 1) Approve Minutes from Council meeting held on February 21, 2023
- 2) Approve bills and claims as submitted
- 3) Accept City Clerk/Treasurer's January 2023 Report
- 4) Receive, accept and place on file draft minutes from the Park and Recreation Commission meeting on February 27, 2023

Unfinished Business:

- 1) Second Reading of An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass, by Title Only
- 2) Waive Third Reading of An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass, by Title Only
- 3) Adopt An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass

New Business:

- 1) Resolution of Initial Interest in Bargaining – Cooperative Alternative Bargaining Process
 - a. Bargaining Unit Letter of Initial Bargaining Position
 - b. City Response and Initial Bargaining Position
- 2) Parking regulations in proximity to Stop Signs – Councilman Determann
- 3) Mayor and Council Pay – Councilman Bowman
- 4) 2016 Squad sale
- 5) Camanche Police Department 2022 Annual Report
- 6) Camanche Police Department January 2023 Report
- 7) Camanche Fire Department January 2023 Report
- 8) Camanche Fire Department February 2023 Report

City of Camanche
February 21, 2023

The City Council of the City of Camanche, Iowa met in regular session February 21, 2023, at 6:00 p.m. at Camanche City Hall. Present on roll call: Mayor Pruett presiding, and Council members Bowman, Determann, Schnoor, Varner and Weller. Also present were City Attorneys Randy Current and John Frey, City Administrator Andrew Kida and Department Heads Evans, Pewe (online) and Schneider.

A moment of silent prayer was observed. Mayor Pruett led the Pledge of Allegiance.

Moved by Councilman Varner second by Councilman Bowman, to approve the agenda. On roll call – all Ayes.

Mayor Pruett opened a Public Hearing at 6:01 p.m. regarding the 2024 Tax Levy. City Administrator Kida said that the Max Tax Levy was published as required by State Code. In the absence of public comments, the Mayor closed the Public Hearing at 6:02 p.m.

Mayor Pruett asked for public comments on agenda topics. There were none.

Moved by Councilman Bowman, second by Councilman Weller to approve the Consent Agenda which covered the following: Approve minutes from the Council meeting held on February 7, 2023; approve Abstract No. 818 which includes the following:

CAMANCHE VOL FIRE DEPT	MONTHLY MAINTENANCE	919.98

On roll call – all Ayes.

Moved by Councilman Varner, second by Councilman Determann to Approve the Second Reading of An Ordinance Amending Title 6 Chapter 5 Section 3 of the Camanche Municipal Code: Utilities Billing Charge by Title Only. On roll call – Ayes – Councilmen Varner and Determann. Nays – Councilmen Schnoor, Bowman and Weller. Ordinance Amendment failed rendering Unfinished Business agenda Items 2 and 3 unnecessary.

Also under Unfinished Business was a PFAS Update. Public Works Director Pewe attended the meeting online from training in Des Moines. Also in attendance was Scott Marquez with the EPA. Pewe reported that Cahoy installed the temporary pump at Well #5 last week and test running it to the street to run out the chemicals used to clean the well. Test samples were taken, then sent to the lab before unhooking their test hoses, hooking the pump back up to the system and closing the valves, awaiting the test results from the labs. There are some more upgrades to be done and he is currently working on that. City Engineer Solchenberger added that Cahoy is confident they can get 600 gallons per minute out of that well after doing the test pumping, which is good news. This well will be sufficient to be able to operate the system from daily use and a peak use standpoint. We won't necessarily have a backup at that point. Marquez added that having Well #5 online will be a good thing since no PFAS have been detected in that well so it will enable you to provide water that doesn't have any detectable levels of PFAS. You will be able to start sending that water to your system relatively soon. The long-term goal that we have on this project, part of the EPA's goal is to ensure that the water served by the water system has no detectable PFAS. He also provided an update on EPA and 3M. He said that 3M has offered to sample residential wells within a 4-mile radius of their facility in Cordova. If residents in that radius are interested, they should reach out to Mr. Marquez or to City Hall to be sure that their private well gets sampled. Mr. Marquez's understanding that sampling was already being done in the 3-mile radius over the last several months. 3M is also offering to install treatment systems for residential water supplies within a 3-mile radius if PFAS were detected in the wells. Residents in these areas should feel free to reach out to Mr. Marquez or to Mr. Kida with questions. Kida pointed out that this testing is for private wells only, not for people using sand point wells to water their gardens. There will be information going out to residents in the next billing cycle that will include contact information. City Attorney Frey added that last Friday they sent a proposed agreement to 3M for reimbursement of expenses that were incurred by the City; they sent an initial proposal, our attorneys sent a revised proposal, we are now waiting for their response.

Also, in cooperation with our consulting expert and the attorneys, we have prepared an advisory letter that will go out to all of the citizens with the March water bill. There will be copies available at City Hall and it will be posted on the website so everybody can review the letter.

Moved by Councilman Bowman, second by Councilman Determann to suspend the rules of procedure. On roll call – all Ayes.

Moved by Councilman Bowman, second by Councilman Varner to allow for the 1st Reading of An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass by Title Only. On roll call – all Ayes.

Mayor Pruett read the First Reading of An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass by Title Only. City Attorney Frey explained that this Ordinance is the first step in developing an overpass for the railway that goes through the City of Camanche. There is an Iowa Code section that authorizes municipalities to construct an overpass when it is in the interest of public safety and convenience to do so. There are a number of recitals in that Ordinance talking about public safety and convenience which is a finding that the Council must make, that it is in the interest of public safety to construct this overpass. The process, then, is the engineers will conduct the design work and come back with the proposals for cost. The Iowa Department of Transportation must approve both the public safety and convenience factors as well as the design and plan for construction of the overpass. Once that is done, there is a public hearing, the railroad has a right to state its position. The railroad is required to pay for the actual cost of the overpass. The City is required to pay for the cost of acquiring properties for the road and the approach on both sides of the overpass. After the overpass is constructed, the City is required to provide 50% of the maintenance and the railroad is required to provide 50% of the maintenance. He said they have had communications with the railroad, and they anticipate there will likely, at some point, be some litigation over who has what authority with regard to this overpass. He noted the timeliness of this with the derailment in Ohio and the impact that has had. This Ordinance is a first step in alleviating that issue for Camanche.

Moved by Councilman Bowman, second by Councilman Determann to approve the First Reading of An Ordinance Amending the Camanche Iowa Municipal Code By Amending Title VII of the Camanche Code of Ordinances: Railway Overpass by Title Only. Ayes – Councilmen Varner, Weller, Bowman, Schnoor, Determann. Nays – None.

Bids for the 9th Street reconstruction project were considered. City Engineer Solchenberger said the bids came in very well. He put together a letter of recommendation for Council. Manatt's base bid for alternate 1 was \$1.645 million for HMA. Eastern Iowa submitted a base bid for alternate 2 for concrete \$1,771,257.95. The pavement design they used for this is based on a 30-year life. Based on that, it's really up to Council which alternate is preferred. There were 6 bids on the project, the top 4 were close. Councilman Bowman said he's no engineer but when he drives around, especially this time of year, he sees chunks of concrete laying on the road where they've popped out, given the freeze/thaw cycle. He thinks asphalt will be the preferable material for the road, over concrete. Councilman Schnoor said he gets what Bowman is saying, but these concrete roads have been in there 50+ years. Councilman Varner said he sees Schnoor's point but still prefers asphalt. Solchenberger provided additional information regarding the expected 30-year life of either alternative.

Moved by Councilman Bowman, second by Councilman Varner to approve the Bid for asphalt from Manatt's for the 9th Street Reconstruction Project. On roll call – Ayes – Councilmen Determann, Varner, Bowman. Nays – Councilmen Weller, Schnoor.

Discussion of the extension of 14th Street to connect to Edens Avenue was led by Kida. He showed a map of the area. Using remaining funding from 9th Street, we have the ability to extend 14th Street, connect it to Edens Avenue and stub it to the south for potential future development. With this, we could use land in this area to replace Lum Park, move Lum Park to this location; sell the land that is currently designated as Lum Park, use some of those funds to benefit this area. We now have the funds to do that road; asking to pass recommendation to engineering to start working on that to come up with an estimate and a bid process. This

should be done in concrete because the two connecting streets are concrete. It will complete the area. Another recommendation is to parcel two lots off to sell independently. The other side is potentially an area for a new well house to access one of the new deep wells to access from that location. If not, those are buildable parcels that could be sold by the City to have housing built. Councilman Bowman asked about the traffic control once the 9th Street project begins. Solchenberger said it will be a part of the plan now that the contractor is on board. There was more conversation about the land and the potential for the park. Councilman Bowman said his main concern is the residents that have lived along those stubbed roads that have been like that for a long time. Kida said both of those end stubs were designed to go through; they don't have curb along the end for a reason. Bowman asked what is needed from Council. Kida said to just provide direction to engineering to draft up the work necessary to put that out for bid. Bowman asked about the cost and Kida said we won't know until we come up with what we are going to do.

Moved by Councilman Bowman, second by Councilman Determann to direct engineering to draft the work necessary to put the Extension of 14th Street to connect to Edens Avenue out for bid. On roll call – all Ayes.

Regarding the RFP for Banking Services, Kida explained that he called the Finance Committee together for a public meeting to discuss seeking proposals for banking services. They will review the proposals and bring a recommendation to Council.

Moved by Councilman Determann, second by Councilman Bowman to approve sending out RFPs for Banking Services. On roll call – all Ayes.

Pewe provided an update on options for replacing water meters. With approximately 1,800 meters, instead of replacing all at one time, we could replace 600 per year, 3 different years or 250 each year for 7 years. The advantages to staggering the replacement would be not spending all of the City's money in one year and the batteries would not be dying all in one year in the future. He has looked at mechanical meters which are what we have now and have been used since the 1960's as well as ultrasonic meters which have been used since the mid 1990's. He discussed the capability of reading the meters and turning water off and on from City Hall. He also discussed the pricing of the different types of meters. His recommendation is to do further investigation before a final decision is made. It is crucial that the meters and their readings work with our current billing software also so there is more work to be done to finalize a recommendation for Council.

Kida said we need to table items 6 and 7 on the agenda, the Police Department 2022 Annual Report and January 2023 Report because Chief Schmitz was unable to attend the meeting.

Councilman Bowman said that he attended the Park and Recreation meeting at the Community Center for the Splash Pad. He said everyone did a nice job putting the presentation together. He reported that the Library's radon test results showed no radon on the main level of the Library but there is radon in the basement. He reiterated that people should contact the County Health Department if they would like information about radon testing for their homes.

Mayor Pruett called for public comments. Sue Czer said she was just a little confused. The last time she spoke up here was with regard to the water billing. Did it get voted through or not? There's some confusion back here, we couldn't hear. Are we, is the billing going through on a monthly basis, or is it still staying at the quarterly? Councilman Bowman said we voted the reading down 3-2 so it died right now. Sue commented, okay, so we are still staying on the quarterly. Councilman Bowman replied, as of tonight. Sue then asked if it is going to change, or? Councilman Determann said nobody knows. Sue said that's pretty much all she had. If we were still in discussion for this, she was going to add some comments to it but if we're not, she's good. Thank you.

Jess Paul said, just to get ahead of the game, I know you haven't done any engineering or anything on the 14th Street project. He said he does not live at the end. His main concern is that we get out early and address the drainage on 14th Street. There is a drain on either side of the road one at my house, then one all the way down at 23rd. And all the water from the

middle of those blocks flow towards my drain and likewise on the other side. Now, if you are going to add more street, I want to be sure there is more rainwater, flood water drainage addressed in there. It's something I don't want the added street, the extra area running back down into the ones that are out in front of my house and the ones across the street. And, several reasons, one, it's a lot of water and it's there in the winter, it gets plugged up. I spend a goodly time digging that out just so everything doesn't flood. Unfortunately, because of the, we'll say it's the consistency that the whole cul-de-sac has shifted a bit. Between myself and my neighbor, there's a permanent pond there and it doesn't flow into the drain system at all. Hopefully something like that can be addressed. The boxes that are in the ground for the drainage system, those have all, the concrete's fallen away so there's gaps. The water goes somewhere. So, when you make the new continuation I just want to be sure that at ground level, below ground level, we address that. Otherwise, I'm sure you'll inform me about what's going to happen to me, what's going to happen to those concreted areas. He also asked about redirecting traffic during the 9th Street project. Mayor Pruett said we will be working with the contractor to get that figured out since the bid was just awarded tonight.

Ken Fahlbeck, 2955 Highway 67, Camanche Township. He said years ago when he was involved with the council, they created a contingency fund for repairs on Washington Boulevard at one time. A couple years later one or two of the departments had exhausted some of them funds because we hadn't earmarked them. With the budget coming up, he had a question if the contingency fund's still in effect. If not, with your budget coming up, with this new project coming up on 9th Street, if you would consider a contingency fund which would be an added cost to your budget which he believes would help us out in years to come. Does anybody got the answer to that? Kida said that fund was molded into the general contingency fund. When you were here, Mr. Fahlbeck, the Road Use Fund did not receive the money that it does now. The Road Use Tax that was voted in about 6 years ago has greatly increased the revenue sources to road use. Rather than having a contingency fund, we have a Street Improvement Plan. That contingency fund is built into the expected revenues in Road Use and the plan of when we estimate those projects will have to come on board. Mr. Fahlbeck asked if those Road Use Funds will always be in effect. Kida said the legislature can do what it wants. So, Mr. Fahlbeck said he is giving something to think of in the future.

Councilman Bowman would like to have pay for the Mayor and Council on a future agenda. Councilman Determann would like to have parking near stop signs on the next agenda.

A recess was taken at 7:06 p.m. Reconvened at 7:10 p.m.

Moved by Councilman Bowman, second by Councilman Weller to go to Closed Session: Interest in Real Estate per Iowa Code 21.5(j). On roll call – all Ayes.

Reconvened to Open Session at 7:25 p.m. at which time Mayor Pruett adjourned the meeting.

Austin Pruett
Mayor

Toni Schneider
City Clerk/Treasurer

Park and Rec Minutes

The meeting was called to order at 6 p.m. on 2/27/23.

Linda Putman, Tony Blomme, and Mike Burmahl were present. Marty Schnoor, councilman was present.

A motion was made to approve the February 13th minutes. 1st by Tony Blomme, 2nd Mike Burmahl. All in favor so motion carried.

Votes were counted on the Splash pad design and The Native American theme won with 43 votes. The Sports theme had 27 votes, the Essential theme had 11 votes and the Nature theme had 5 vote.

A motion was made to approve the Native American theme for the Splash Pad and present to council. 1st Tony Blomme and 2nd Mike Burmahl. All in favor so motion carried.

Discussion for grants was tabled to the next meeting since Casey was absent and he talked with Andrew Kida.

A mission statement was discussed and was tabled to the next meeting. Tony Blomme would like to work on the statement.

A motion was made to approve the \$500.00 budgeted amount to the Camanche Junior Baseball league after reading their letter request. 1st Tony Blomme and 2nd Linda Putman. All in favor so motion carried.

Marty Schnoor, Park Liasson brought up the basketball hoops at Central Park. He stated they are in bad shape and said they need replaced. Tony Blomme will get some pricing.

The meeting adjourned at 6:25 p.m.

Respectfully submitted,

Linda Putman

ORDINANCE _____

AN ORDINANCE AMENDING THE CAMANCHE IOWA MUNICIPAL CODE BY AMENDING TITLE VII OF THE CAMANCHE CODE OF ORDINANCES

Section 1. Purpose. The purpose of this ordinance is to provide for the erection, construction, reconstruction, and completion of an overpass and the approaches thereto by Canadian Pacific Railway, or any other involved railroads, at a location to be determined in Camanche, Iowa over the tracks and right-of-way of the Canadian Pacific Railway, or any other involved railroads, determining that the same is necessary for public safety and convenience.

Section 2. Facts Found. The City Council of the City of Camanche, Iowa hereby makes the following finding of fact:

- A. Canadian Pacific Railway, or any other involved railroads, owns and operates railway tracks and right-of-way that cross seven streets owned by the City of Camanche within the City limits.
- B. From time-to-time, trains operated by Canadian Pacific Railway, or any other involved railroads, on said railway tracks block all seven street crossings in the City.
- C. Many residents of the City live between said railway tracks and the Mississippi River.
- D. When a train blocks all seven crossings in the City, residents that live between the tracks and the River have no road access to the rest of the City or to emergency services.
- E. Blocking access to emergency services is a public safety hazard.
- F. Blocking access creates a substantial inconvenience for residents living between the railway tracks and the Mississippi River, who have no alternate route to cross the railway tracks, or exit the area located southerly and easterly of the tracks with a motor vehicle. It also creates an inconvenience for people seeking access to the Mississippi River and areas of the City located southerly and easterly from the railway tracks.
- G. An Environmental Impact Study issued by the Surface Transportation Board on January 27, 2023 estimates that if the merger between Canadian Pacific Railway and Kansas City Southern Railway Company is complete, that the number of trains passing through Camanche per day will increase from 8.26 to 22.66.
- H. If the merger between Canadian Pacific Railway and Kansas City Southern Railway Company is complete, the risk of street crossing blockages and potential railway train derailments in Camanche will increase significantly.
- I. Iowa Code Section 364.8 allows a city, after an examination and a determination that the overpass is necessary for public safety and convenience, by ordinance to require a

railway company operating railway track on or across a city street to construct or reconstruct and maintain an overpass to permit the street to pass over the tracks.

- J. There are presently no overpasses or underpasses across said railway tracks in the City of Camanche.
- K. The City Council has examined the need for an overpass and hereby determines an overpass is necessary for public safety and convenience.

Section 3. Amendment. Title VII, Special Ordinances, is hereby amended by adding the following new chapter:

Chapter 6 Railroad Overpass

1. **7-6-1 Construction of Overpass.** In order to reduce the significant public safety risk and public inconvenience issues posed to citizens of the City of Camanche by railway tracks and the blockage thereof, the City hereby requires the Canadian Pacific Railway, or any other involved railroads, to erect, construct, reconstruct, and complete an overpass over the railway tracks and right-of-way of Canadian Pacific Railway, or any other involved railroads, including the approaches thereto, at a location to be subsequently determined and established by Resolution of the City Council.

2. **7-6-2 Specifications.** The City Council shall, by resolution, establish specifications for the construction of the overpass after consultation with the City Engineer and the public.

3. **7-6-3 Approval by Iowa State Department of Transportation.** The City shall send said specifications to the Iowa State Department of Transportation for approval in accordance with Iowa Code Sec. 364.8.

4. **7-6-4 Public Hearing.** The Council shall hold a hearing on construction of the overpass after specification approval by the Iowa Department of Transportation, and shall give not less than twenty days' notice of the hearing to the railway company or companies involved with said notice being served in the same manner as an original notice in accordance with Iowa Code Sec. 364.8.

5. **7-6-5 Appraisal and Damage Assessment.** After the Iowa Department of Transportation approves the specifications, the City shall appraise and assess all resulting damage from construction of the overpass to private property, and shall pay the damages assessed in accordance with Iowa Code.

6. **7-6-6 Maintenance Costs.** The City shall pay one-half of all required maintenance costs and may allocate the remaining costs among the involved railroads in accordance with Iowa Code Sec. 364.8.

7. **7-6-7 Mandamus.** The City may enforce this Ordinance by an action in mandamus as authorized by Iowa Code Sec. 364.8 and Iowa Code Sec. 327C.16.

Section 4. Repealer. All ordinances or parts of ordinances in conflict with any provision of this ordinance are hereby repealed.

Section 5. Severability Clause. If any section, provision, or part of this ordinance shall be adjudged invalid or unconstitutional, such adjudication shall not affect this ordinance as a whole, or any section, provision, or part thereof not adjudicated invalid or unconstitutional.

Section 6. When Effective. This ordinance shall be in full effect from and after its final passage, approval, and publication as required by law.

Passed by the Camanche City Council this ___ day of _____, 2023

Austin Pruett, Mayor

BOARD SECRETARY

ORDINANCE _____

AN ORDINANCE AMENDING THE CAMANCHE IOWA MUNICIPAL CODE BY AMENDING TITLE VII OF THE CAMANCHE CODE OF ORDINANCES

Section 1. Purpose. The purpose of this ordinance is to provide for the erection, construction, reconstruction, and completion of an overpass and the approaches thereto by Canadian Pacific Railway, or any other involved railroads, at a location to be determined in Camanche, Iowa over the tracks and right-of-way of the Canadian Pacific Railway, or any other involved railroads, determining that the same is necessary for public safety and convenience.

Section 2. Facts Found. The City Council of the City of Camanche, Iowa hereby makes the following finding of fact:

- A. Canadian Pacific Railway, or any other involved railroads, owns and operates railway tracks and right-of-way that cross seven streets owned by the City of Camanche within the City limits.
- B. From time-to-time, trains operated by Canadian Pacific Railway, or any other involved railroads, on said railway tracks block all seven street crossings in the City.
- C. Many residents of the City live between said railway tracks and the Mississippi River.
- D. When a train blocks all seven crossings in the City, residents that live between the tracks and the River have no road access to the rest of the City or to emergency services.
- E. Blocking access to emergency services is a public safety hazard.
- F. Blocking access creates a substantial inconvenience for residents living between the railway tracks and the Mississippi River, who have no alternate route to cross the railway tracks, or exit the area located southerly and easterly of the tracks with a motor vehicle. It also creates an inconvenience for people seeking access to the Mississippi River and areas of the City located southerly and easterly from the railway tracks.
- G. An Environmental Impact Study issued by the Surface Transportation Board on January 27, 2023 estimates that if the merger between Canadian Pacific Railway and Kansas City Southern Railway Company is complete, that the number of trains passing through Camanche per day will increase from 8.26 to 22.66.
- H. If the merger between Canadian Pacific Railway and Kansas City Southern Railway Company is complete, the risk of street crossing blockages and potential railway train derailments in Camanche will increase significantly.
- I. Iowa Code Section 364.8 allows a city, after an examination and a determination that the overpass is necessary for public safety and convenience, by ordinance to require a

railway company operating railway track on or across a city street to construct or reconstruct and maintain an overpass to permit the street to pass over the tracks.

J. There are presently no overpasses or underpasses across said railway tracks in the City of Camanche.

K. The City Council has examined the need for an overpass and hereby determines an overpass is necessary for public safety and convenience.

Section 3. Amendment. Title VII, Special Ordinances, is hereby amended by adding the following new chapter:

Chapter 6 Railroad Overpass

1. **7-6-1 Construction of Overpass.** In order to reduce the significant public safety risk and public inconvenience issues posed to citizens of the City of Camanche by railway tracks and the blockage thereof, the City hereby requires the Canadian Pacific Railway, or any other involved railroads, to erect, construct, reconstruct, and complete an overpass over the railway tracks and right-of-way of Canadian Pacific Railway, or any other involved railroads, including the approaches thereto, at a location to be subsequently determined and established by Resolution of the City Council.

2. **7-6-2 Specifications.** The City Council shall, by resolution, establish specifications for the construction of the overpass after consultation with the City Engineer and the public.

3. **7-6-3 Approval by Iowa State Department of Transportation.** The City shall send said specifications to the Iowa State Department of Transportation for approval in accordance with Iowa Code Sec. 364.8.

4. **7-6-4 Public Hearing.** The Council shall hold a hearing on construction of the overpass after specification approval by the Iowa Department of Transportation, and shall give not less than twenty days' notice of the hearing to the railway company or companies involved with said notice being served in the same manner as an original notice in accordance with Iowa Code Sec. 364.8.

5. **7-6-5 Appraisal and Damage Assessment.** After the Iowa Department of Transportation approves the specifications, the City shall appraise and assess all resulting damage from construction of the overpass to private property, and shall pay the damages assessed in accordance with Iowa Code.

6. **7-6-6 Maintenance Costs.** The City shall pay one-half of all required maintenance costs and may allocate the remaining costs among the involved railroads in accordance with Iowa Code Sec. 364.8.

7. **7-6-7 Mandamus.** The City may enforce this Ordinance by an action in mandamus as authorized by Iowa Code Sec. 364.8 and Iowa Code Sec. 327C.16.

Section 4. Repealer. All ordinances or parts of ordinances in conflict with any provision of this ordinance are hereby repealed.

Section 5. Severability Clause. If any section, provision, or part of this ordinance shall be adjudged invalid or unconstitutional, such adjudication shall not affect this ordinance as a whole, or any section, provision, or part thereof not adjudicated invalid or unconstitutional.

Section 6. When Effective. This ordinance shall be in full effect from and after its final passage, approval, and publication as required by law.

Passed by the Camanche City Council this ___ day of _____, 2023

Resolution # _____

Resolution of Initial Interest in Bargaining

Whereas, the existing collective bargaining agreement between the City of Camanche, Iowa (City) and Camanche Police and Fire Department Bargaining Unit (Bargaining Unit), effective July 1, 2022, provides in article 20 "... The bargaining unit may reopen this CBA to negotiate a change in wages for the second and third year of the CBA by giving written notice to the city. ", And,

Whereas, at a public Council meeting held February 7, 2023 said bargaining unit presented a formal letter to request the ability to negotiate wages, And

Whereas, Iowa code section 20.17 (3) requires parties, who by agreement are utilizing a cooperative alternative bargaining process, to exchange their respective initial interest statements in lieu of initial bargaining positions at open session, Now

Therefore, be it resolved the city of Camanche hereby expresses its initial interest in responding to the bargaining unit's request and instructs the city administrator and city negotiating committee to bargain concerning wages in accordance with Iowa law and the collective bargaining agreement.

School Resource Officer

With the promotion of Officer Andrew Weingart to Corporal, Cpl. Weingart finished out the remaining school year and Officer Cory Snodgrass was appointed to fulfill those duties. Officer Snodgrass has prior experience as a school resource officer while employed with the Clinton Police Department.

Civil Service Process

Civil Service, Camanche PD, and the City Clerk again arranged to take applications for a Civil Service list. Upon receiving twelve applications, agility testing took place on Saturday, August 20th. At the conclusion of testing and interviews, the Civil Service Commission certified a list of three.

Hiring Process

Saturday, August 20th, the Civil Service Commission conducted interviews for the civil service list that council later approved. CAPD conducted its interview with the three candidates, two of which took employment with other agencies in Clinton County. Christopher Jay Turner was subsequently offered a position and started on October 4th, 2022. Officer Turner completed the Camanche Police Department Field Training Program on December 30th.

Recruitment

To assist the department in our on-going recruitment efforts several items were purchased to facilitate attending area job fairs.

New Officer – Christopher Turner

Officer Christopher Turner was hired on October 4th, 2022. Officer Turner comes to Camanche PD with 32 years of service with the Iowa State Patrol/DCI. Officer Turner is anticipated to complete the FTO process in early January.

Officer Turner Bio. – My name is Chris Turner and I have been a Camanche resident for almost 24 years. I have been married to my wife Kayleen, who grew up in Camanche, for over 35 years, she is currently teaching in an Elementary special needs classroom within the Camanche School District. We are very grateful to have our two daughters and their husbands living in Camanche as well. We currently have three lovely grandsons from our oldest daughter and are expecting another grandson in March from our youngest daughter. They all keep us very busy and we are fortunate to have everyone so close to home.

My law enforcement career started many years ago while attending college. I initially worked for the Williamsburg, IA police department, which is my hometown, as a reserve officer or night watchman. After graduating from Northeast Missouri State University (Truman) in Kirksville, MO in May of 1986 with my Bachelor of Science degree I moved back to Williamsburg and worked for the police department and Iowa County Ambulance as an EMT. I then was hired by the Belle Plaine, IA police department where I worked as a patrolman for six months prior to getting hired by the Iowa Department of Public Safety in 1987 as an Iowa State Trooper. My first duty station was Post 12 in Davenport (currently Stockton) and I was assigned to Muscatine. Kayleen and I eventually moved to West Liberty, IA where she continued to teach school and I was a Trooper. In July of 1998 I accepted a position with the Iowa Division of Criminal Investigation at the Dubuque Greyhound Park and Casino where I stayed until December of 1998 when I was able to transfer to the Mississippi Belle II Casino. I worked at the Belle/Wild Rose until the completion of my career and retirement in May of 2019.

I then went on to work for the Clinton Community School District as the Transportation Director until leaving there and re-entering the police world with the Camanche Police Department. I guess the pull to law enforcement was too strong to keep me away. My heart has always been in public service as almost anything I have done has centered on working with citizens, students and athletes. I have coached track and field and football within the Camanche School District as well as maintaining my chauffeur's license and driving a little school bus here and there.

I enjoy all kinds of sports but I probably enjoy professional football and fantasy football the most. I am a huge Kansas City Chiefs (AFC) and Chicago Bears (NFC) fan, if it's legal to cheer for two teams. I also enjoy the Chicago Cubs and any day at Wrigley Field when I get a chance. I enjoy any night that I am in the stands at a racetrack watching NASCAR, Indy cars, or any sprint car or midget race.

I look forward to working here in Camanche as I already know many of the citizens and am familiar with the Chief, Asst. Chief, and some of the officers currently on staff. Camanche is a great community and I would probably not have been so willing to step back into law enforcement if it had not been for the community and current staff. I look forward to adding my years of experience to the current staff and I appreciate the opportunity to learn and grow with those officers who are currently with the Department.

I certainly have enjoyed the assistance and warm welcoming I have received! The opportunity to continue to enjoy my childhood dream has been greatly appreciated.

Recognition of Service

(As of 12/31/22)

Chief Richard E. Schmitz Jr. – 18 years

Asst. Chief Bill Lodge – 22 years

Sgt. Jason Plozel – 5 years

Cpl. Kelly Elliott – 13 years

Cpl. Andrew Weingart – 3 years

Ofc. Cory Snodgrass – 3 years

Ofc. Brittney Parks – 1 year

Ofc. Christopher Turner – 3 months

Department Awards

Officer of the Year

Officer Brittney Parks

This award presented annually to an officer who has represented the department in all facets of law enforcement with a commitment to excellence, in support of the mission and values of the organization. The officer has consistently persevered in the prevention of crime and demonstrated initiative, leadership, and dedication to the law enforcement profession.

Officer Parks has in the last year went from being in the field training program to being on patrol and has made significant strides. She has shown a positive attitude and a strong work ethic that has benefited the department in more ways than most understand. This year she became the second female to complete sniper school in the state of Iowa. She has taken on multiple tasks & special assignments that have been completed well above standard and with minimal supervision. Officer Parks completed 125.5 hours of training including but not limited to Gracie Survival Tactics, ILEA Sniper, ALLERT Basic Active Shooter Level I, and a countless number of on-line training classes most of which were self-initiated. Officer Parks has a go get 'em work ethic, leading the department in nearly every statistic including but not limited to calls for service, SIFA, traffic stops and arrests. Above all Officer Parks' positive attitude is infectious!

Department Awards

Excellence in Criminal Investigations

Cpl. Andrew Weingart

Awarded to an individual who demonstrates personal initiative and ingenuity which contributes significantly to the resolution of a particularly difficult criminal investigation.

During the evening of June 29th, 2022 Cpl. Weingart who was the School Resource Officer began receiving messages from the High School/Middle School Principal Justin Shaffer in reference to serious threats made through Facebook.

Cpl. Weingart immediately submitted an emergency information request through Facebook identifying the IP address used in the threats along with getting those posts removed. An additional emergency request was submitted through Mediacom identifying the IP address of one located in Camanche.

A search warrant at the residence was conducted at the residence of the suspect on June 30th, 2022 where a number of electronic devices were seized. A second search warrant was submitted to Facebook for the accounts and IP addresses involved. A third search warrant was later obtained for the Google information for the email addresses associated with the Facebook accounts

Devices collected during the search warrant at the suspects residents were forensically examined by the Johnson County Sheriff's Office which linked a juvenile suspect to the associated Facebook and email accounts as well as the IP addresses.

Cpl. Weingart subsequently interviewed the juvenile and obtained a confession. The juvenile was later charged with False Report of Explosive or Incendiary Device and Harassment 1st Degree.

Department Awards

Life Saving Award

Sgt. Jason Plozel & Officer Brittney Parks

Awarded to an individual who, performed extraordinary actions to save the life of a person that would have likely died if not for that action.

On October 22nd, 2022 Sgt. Plozel and Officer Parks were dispatched to a medical call for a possible overdose where the victim was unresponsive. Officers immediately retrieved Narcan from the medical bag in the patrol car. Upon returning to the victim it was determined the victim was no longer breathing, their skin and lips began to turn gray and their pulse was weak. A single dose of Narcan was administered and an AED device was attached to the victim's chest. A second dose of Narcan was administered at which time the victim began to gargle. Upon the arrival of Camanche paramedics they requested officers administer a third dose of Narcan. Officers were later notified by Camanche Fire Department that the victim had regained consciousness and a phone call from the victim's mother the following day confirmed the subject had survived the incident.

Training

The following table shows the mandatory training required by the Iowa Law Enforcement Academy, Iowa Department of Human Services, OSHA and FBI. In addition, instructor level certifications for firearms, defensive tactics, chemical munition/less lethal, and driving are all required to be maintained to facilitate training here at the department.

TOPIC	REQ AGENCY	LEGAL CODE	TIME	FREQUENCY
Law Enforcement Related In-Service	ILEA	501-8.1(3) (80B)	12 hours or 36 hours	Annually or 3 years
Mandatory Reporting: Child Abuse & Dependent Adult Abuse	Iowa DHS	Iowa Code Section 232.69(3b) and section 235B.16(5e)	2 hours	5 years
Bloodborne Pathogens	OSHA	OSHA Standard 1910.1030(q)(2)(ii)		Annually
Hazard Communications	OSHA	OSHA Standard 1910.1200(h)		Annually
Hazardous Materials	OSHA	OSHA Standard 1910.120(q)(8)		3 years
Mental Health*	ILEA	501-8.1(4) (80B)	1 hour or 4 hours	Annually or 4 years
CPR/AED Airway Obstruction – All Ages*	ILEA	501-8.1(2) (80B)		Within 24 months
NCIC Certification	DPS/FBI	FBI		2 years
Firearms Qualifications*	ILEA	501-8.1(1) (80B)		Annually
Iowa Law Enforcement Emergency Care Provider**	ILEA		4 topics + CPR	2 years
* May not be included as a portion of the 12 hours Law Enforcement Related In-Service				
** Recommended not required				

Monthly training is typically held the first Wednesday of each month depending on staffing and budget levels, for a 2-hour block of in-service training on a variety of topics.

The Camanche Police Department has memberships/contracts with MTTU (Mobile Team Training Unit – East Moline, IL), NTOA (National Tactical Officers Association), PoliceOne, and Axon to facilitate more cost effective training, much of which officers are able to complete during their normally scheduled shifts.

The department completed 462.75 hours of training in 2022. The following five pages are a summary of some of that training.

Training

February training consisted of CEW (Taser) & bloodborne pathogens training

April training focused precision driving instruction. Clysar was gracious enough to allow us to utilize their parking lot and adjacent drive.

Annual firearms qualifications were held in May for rifle, pistol and shotgun.

Training

On July 15th Camanche PD assisted Clinton County Emergency Management with Run-Hide-Fight training for Clysar employees at the Camanche High School.

Training

On Tuesday, July 26th & Wednesday, July 27th, Cpl. Weingart and Officer Parks attended ALLERT Active Shooter Response Level 1 training at North Scott High School. The training was hosted by Eldridge Police Department and was 100% free.

ALERT
**Active Shooter Response
Level 1**

There is no charge to officers or agencies for this training. It is funded through state and federal grants.

Time: 2 days (16 hours)
Class Size: 24 - 30 students per class
Prerequisite: Sworn law enforcement officers
Required Equipment: Good attitude, open mind, pen and paper, duty gear, body armor, groin protection, and appropriate clothing for "force-on-force" training (i.e. long sleeve shirt, gloves, etc.)
Head, eye, and throat protection will be provided by ALLERT

Participants are responsible for their own transportation and lodging.

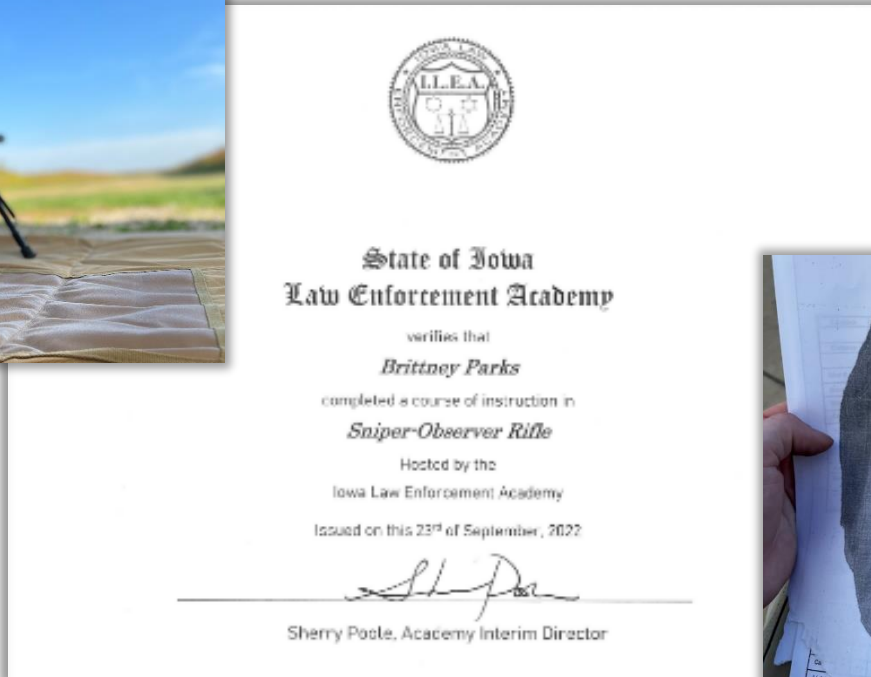

This dynamic course of instruction is designed to prepare the first responder to isolate, distract, and neutralize an active shooter. This course will cover:

- shooting and moving
- threshold evaluation
- concepts and principles of team movement
- setting up for and room entry techniques
- approach and breaching the crisis site
- secondary responder tactics
- improvised explosive devices
- post engagement priorities of work.

The course will culminate with dynamic force-on-force scenarios.

Training

The Gateway Special Response Team has a sniper-observer team element typically consisting of four sniper-observers. The Camanche PD has had a history of an officer being a part of this element. Officer Brittney Parks recently attended sniper-observer school at the Iowa Law Enforcement Academy. The training consists of 40 hours of grueling physical and mental training including five cold-bore qualifications and ranges from 100-500 yards. Officer Parks is one of only two female officers to have ever attended this training and she passed with flying colors!!

Asst. Chief Lodge attended the FBI National Academy's Leadership Forum "Leadership Tactics & Strategies for Tumultuous Times" in Clive, September 27th-29th as well as the 2022 First Responder Wellness Conference in West Des Moines, September 21st- 23rd.

Training

New Equipment & Building Maintenance

On March 22, 2022 Camanche PD signed a 2yr agreement with Flock Safety to include a two month free demo period for the ALPR cameras going in along the Highway 67 corridor.

A policy (General Order G-10) was created in reference to the ALPR cameras and provides guidance for the capture, storage, and use of the digital data obtained through their use. The policy addresses authorized use, guidelines for investigations and patrol functions, training, data retention, release of data as well as accountability.

Several months ago the lighting in the department was updated to replace the fluorescent bulbs with LED to reduce energy consumption. This month we continued those upgrades and added motion switches for lighting in most areas of the building.

The week of April 24 Carpetland replaced the old stained carpeting in the conference room with a more durable LVT flooring.

School Resource Officer Program

In 2018/2019 the Camanche School District and Camanche Police Department partnered to establish the first School Resource Officer Program for the City of Camanche. A subsequent agreement was formalized for a period beginning January 2, 2019, and end on June 30th, 2024. The funding for the SRO is budgeted equally between the district and city after any and all grants awarded for such by either the district or the city are applied. The agreement indicates the district shall pay for all overtime expenses for special events where it requests the SRO to attend said event. The agreement expires on November 30th, 2023.

In 2022 SRO's conducted 336 school checks, responded to an additional 131 calls for service.

SRO Duties & Responsibilities

- During the first year the SRO is assigned to perform the duties of an SRO, the officer shall attend or have already attended the National Association of School Resource Officers training program. The officer shall agree to complete a minimum 3 year assignment to the program unless city necessity or School District require reassignment.
- Abide by police department general orders including job requirements and responsibilities, general orders B-8 through B-11 and School District policies, rules and regulations as appropriate while providing service under this agreement to include but not limited to policies and regulations governing the use and confidentiality of student and staff records.
- Work under the supervision of the Chief of Police or his/her designee. The SRO Supervisor will serve as the liaison between the police department and the district administrator in order to resolve matters of mutual concern.
- Investigate all cases involving students as victims or suspects in criminal activity.
- Assist school officials with the prevention and processing of truant cases.
- Perform preventative patrol on school property and for students traveling to or from school.
- Take appropriate action for occurrences including but not limited to: fights, vandalism, theft, disorderly conduct, narcotic and alcohol offenses, weapons violations, motor vehicle accidents and traffic violations, unauthorized persons on property, etc.
- Act as a resource person to school staff and provide short-term programs on law enforcement or public safety related topics.
- Interact with students to promote and reinforce basic life skills, self-control, and accountability in the area of resolving conflict without violence. Problem solving, peer pressure and interpersonal skills.
- Perform other duties as mutually agreed upon by the Superintendent or designee and the Chief of Police or designee so long as the performance of such duties is reasonably related to the SRO program.
- Assist school personnel with the development of plans and strategies to prevent and/or minimize dangerous situations which may occur on campus or during school events.
- Document action taken with students and parents in a formal setting and all relevant telephone conversations. Maintain log of activity.
- Respond to calls for service requiring more than one officer in a back-up role as needed during work hours.
- Attend or coordinate requests for police services to non-emergency school functions as staffing or overtime guidelines allow.
- The SRO may be temporarily reassigned by the police department during school holidays and vacation and/or during times of police emergency.
- The SRO shall perform other duties as mutually agreed upon by the principal and the SRO supervisor.
- The SRO shall be assigned to the school district on a full-time basis during those hours that the school is in regular session. The SRO shall have the discretion to flex starting and ending times to maintain a 40 hour work week. During their daily tour of duty, the SRO may be off campus performing such tasks as may be required by their assignments.

Field Training Program

Upon graduation from the Iowa Law Enforcement Academy or upon hire of a previously certified Iowa Law Enforcement Officer, probationary officers begin the departments Field Training & Evaluation Program consisting of a minimum of (15) weeks of training. The program is divided into the following phases and types:

1. Phase One- minimum of one day of orientation and training.
2. Phase Two- Steps 1-4
 - a. Step One - 10 working days duration.
 1. For the first five workdays, the Probationary Officer works with the Field training Officer and is not formally evaluated (Daily Observation Reports).
 2. Minimum of 10 working days for structured training and evaluation.
 3. “Working Day” is defined as: all training/evaluation days during which the Probationary Officer is assigned to an FTO and completes 50% of the scheduled shift.
 - b. Step Two- 10 working days duration
 1. Training and evaluation period.
 - c. Step Three- 10 working days duration
 1. Training and evaluation period
 2. The FTO Coordinator will ensure that any “missed” (non-certified days) are made up and that the minimum number of certified days of training and evaluation have been completed.
 - d. Step Four- minimum 10 working days duration
 1. Training Officer in plain clothes and Probationary Officer in uniform.
 2. The Probationary Officer shall “certify” for a solo patrol assignment during this step.

The evaluation process consists of a Daily Observation Reports (See page 15) completed by the field training officer during each patrol shift. The DOR is a performance evaluation form which includes (31) categories, which the FTO will utilize to formally record and report the P.O.’s progress.

The P.O. must complete the Self-Evaluation Report at the conclusion of Steps 1, 2, 3 and 4 of the Field Training and Evaluation Process.

A Weekly Evaluation Report is complete by the FTO and serves as the basis for a series of weekly meetings between the P.O. and FTO/Supervisor. This report process ensures that progress is thoroughly scrutinized and all responsible parties are accountable for he P.O.’s continued training and development.

The ultimate goal of all training is to produce a desired result. Field Training and Evaluation is a consistently administered period of formal on-the-job training, coaching and performance assessment with the goal of developing a law enforcement officer capable of delivering solo patrol services in accordance with the Camanche Police Department’s policies and procedures.

Gateway Area Special Response Team

The Gateway area SRT is comprised of 20-25 officers from the Camanche Police Department, DeWitt Police Department, Clinton County Sheriff's Office and the Clinton Police Department. SRT is led by a commander and two team leaders currently from the Clinton Police Department.

SRT conducts monthly training on several different topics including but not limited to high risk warrant service, barricaded subjects, and hostage situations.

Camanche has two officers currently assigned to the team (one SRT & one sniper). The training and experience gained from their participation benefits this community in their improved decision making and experience needed to handle rapidly evolving and dangerous situations safely and effectively.

On September 14th the Gateway Area SRT participated in a joint training exercise along with other law enforcement and fire departments in the Quad City area in the event of an active shooter incident on a large watercraft navigating the Mississippi River. Photographs courtesy of KWQC.

R.E.I.D.S.

(Rental Education in Detrimental Situations)

Former Camanche Police Chief, Colin Reid, a staunch supporter of the community policing model, first imagined a program specifically for the rental property owners and tenants in Camanche and thus the R.E.I.D.S. program was created in his name shortly after his retirement in early 2021.

REIDS partners with rental property owners and managers and provides education, tips and tools on deterring criminal activity along with improving safety for and making other necessary referrals for its tenants.

REIDS met quarterly in 2022. The program had 12-15 different landlords, property managers, etc. at any given meeting. Topics have included:

- Strength/weakness of leases.
- Applications - Try to get everyone in Camanche using same one.
- Lease addendum to make leases stronger - Try to get everyone in Camanche using same one.
- Background checks - PD can assist if the landlord would like. Otherwise they can continue to do their own.
- Rental Inspections - When will the City of Camanche begin inspections and what should they expect? Harold Teagarden provided a list and is was handed out to attendants.
- We talked about water bills going to monthly and how it could affect tenants/landlords.
- We talked about new laws in effect about when you can & can't shut utilities off on tenants.
- Monthly updates available to landlords/property owners about any calls that the PD may have had to their properties.
- We talk about the increase/decrease in need for apartments and applications being brought in.
- HUD, Rapid Rehousing, TRAIN and other agencies that help tenants pay for different bills.

Next meeting is set for March of 2023.

Social Media

To improve communication with the community, Corporal Elliott attended the FBI-LEEDA, Media & Public Relations and Master PIO schools in 2021 that focused on image, branding, perception, media relations, crisis communications, and social media.

Community Outreach

Camanche was graciously awarded the Clinton County Development Association grant for the City Park Camera Project. Several donations to the Friends of Camanche Police 501C3 have also been made to assist with funding this project:

Toni Schneider	\$100
Firearms Repair & Gun Sales	\$100
Cross Roads Logistics, LLC	\$5,000
Camanche Vet Clinic	\$500
Tom McManus Backhoe	\$100
Murphy's Trucking, Inc.	\$250
Cornerstone Family Dentistry	\$100
Kenetic Construction	\$200
Citizen's First Bank	\$1000

NO SHAVE NOVEMBER

Raised \$400

On April 7th the police department received an invitation from LynondellBasell to apply for a \$1000 charitable contribution grant that was due by April 15th. The department was subsequently awarded the grant and the money will be used to purchase fully stocked first aid kits and additional AED patches for the patrol cars.

Community Outreach

LANGUAGE LINK

The department recently set up an account with Language Link to facilitate language interpretation for victims, witnesses, and criminals that we have potential contact with. Language link does both remote video and over-the-phone options to facilitate differing scenarios and the department is only charged when utilizing these services.

The Friends of Camanche Police 501(c)(3) and the Seniors Program met on March 2nd and discussed merging the two programs, budget updates, monies previously earmarked for the Seniors Program, recent tax filing, City Parks Camera Project, and open discussion. The groups authorized Chief Schmitz to apply for the River Bluff Community Foundation Grant for the purchase of a solar digital speed sign.

Brent's Firehouse Coffee donated \$2,000 to the PD's 501C3 that will be used for a first responder mental health program.

MONTHLY REPORT

JANUARY 2023

CAMANCHE POLICE DEPARTMENT

Monthly Statistics		3 yr. Average
Squad Miles Driven	4744	5881
Monthly Calls for Service	1001	895
Annual Calls for Service	1001	10,751
New Cases	29	26.4
Ambulance/FD Assists	38	57.3
MV Collisions	7	5.58
Arrests	9	9.80
Traffic Stops	51	84.8
Citations	18	29.11
Warnings/Memos	35	54.13
Mutual Aid *	27	--
SIFA Logged	697	558.6

Self-Initiated Field Activity

- Business checks
- Citizen assists
- Community policing
- Foot patrol
- Found property
- Out with vehicle
- School checks
- Subject stops
- Suspicious subjects
- Suspicious vehicles
- Traffic stops
- Etc.

Mutual Aid calls are both to and from other agencies and reflect the total number of officers involved. For example, if two Camanche Officers are dispatched to assist the Clinton County Sheriff's Office that would account for two mutual aid calls. There is no 3 year average taking these numbers into account.

Investigations & Patrol

SWAN DRIVE & PARK DRIVE CROSSINGS

Attention: Road Closure

CP Railroad Crossings at Swan Drive and Park Place will be closed Monday January 23rd for resurfacing on these crossings from 8 A.M. - 1 P.M.

Camanche Police Department
Yesterday at 6:30 AM

Just a reminder, that texting while driving is very dangerous. In 2019, 422 people lost their lives in fatal crashes due to cellphone related distractions (CDC); while 390,000 injuries occur annually in texting and driving crashes (Automotive Fleet). Another not so fun fact is that if you are using your cell phone while driving, you will spend 400% more time with your eyes off the road. It is so very important to be alert and drive defensively because even if you obey the ... See more

#TRAFFICTUESDAY

Be careful on your drive baby girl
...and no texting and driving

Right, do as you say not as you do? Did you know that in a 2019 survey over 42% of millennial parents read text messages while driving?

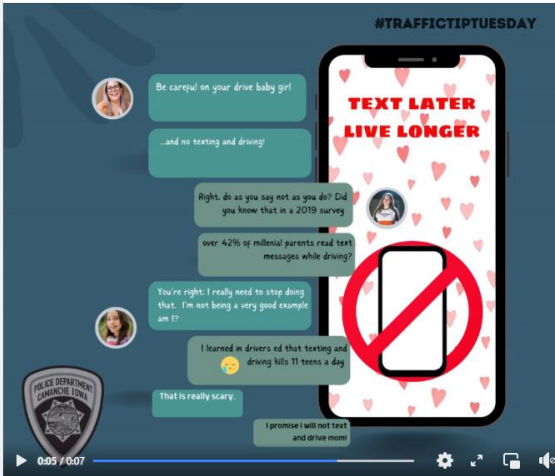

You're right: I really need to stop doing that. I'm not being a very good example am I?

I learned in drivers ed that texting and driving kills 11 teens a day

That is really scary

I promise I will not text and drive mom!

TEXT LATER LIVE LONGER

DEFENSIVE DRIVING:

#traffictuesday

- Communicate your intended route by using turn signals
- Follow traffic laws
- Pay attention to your surroundings
- Watch your speed

MOVE OVER OR SLOW DOWN

IT'S NOT JUST A COURTESY. IT'S THE LAW

YIELD THE RIGHT OF WAY TO AN EMERGENCY VEHICLE DISPLAYING FLASHING LIGHTS OR GIVING AN AUDIBLE SIGNAL BY MOVING OVER TO THE RIGHT, STOPPING AND WAITING UNTIL THE VEHICLE HAS PASSED BEFORE PROCEEDING. (IOWA CODE SECTION 321.324).

MOVE OVER OR GET PULLED OVER.

SAFELY MOVE OVER OR SLOW DOWN FOR:

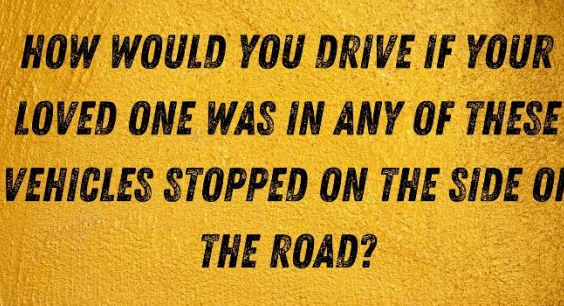

- stopped emergency vehicles
 - fire department, police, ambulance
- maintenance vehicles
 - snow plow, street department, etc
- tow trucks
- passenger vehicles
 - vehicles pulled over with or without their hazards on

WHAT SHOULD DRIVERS DO IF THESE VEHICLES ARE STOPPED ON THE ROADWAY?

- If safe to do so, MOVE OVER.
- If possible, switch lanes to one that's not next to the stationary vehicle.
- If you can't move over, SLOW DOWN-well below posted speed limit.

HOW WOULD YOU DRIVE IF YOUR LOVED ONE WAS IN ANY OF THESE VEHICLES STOPPED ON THE SIDE OF THE ROAD?

Training & Equipment - (68 hours of training in January)

Training & Equipment

January 23rd -26th nearly every law enforcement agency, fire department and school district in Clinton County attended Active Shooter Incident Management, along with School Safety and Violent Event Incident Management (Reunification) training held at the Clinton County Sheriff's Office. The training was held by the Illinois Fire Institute and funded by the Clinton County Board of Supervisors through the American Rescue Plan Act (ARPA).
