

March 20, 2023

Dear Camanche Resident,

We are having a large section of 9th St rebuilt this summer, so your day to day travel may be affected by this construction.

Please come to an informational meeting at City Hall Council Chambers on Wednesday March 22 at 5:00pm to learn about the plans for the road rebuild, time frames for different phases, and how this may change travel to & from your home during the construction.

We will have the Engineer team, main Contractor, and City personnel there to explain the process. Please ask questions you may have so we can alleviate as many concerns as possible and help to make this construction go smoothly and cause the least amount of disruption in your daily travels.

Hopefully we will be able to record the meeting as we do with City Council Meetings, so that people who can't make it to City Hall at the scheduled date & time can watch online and get the same information. We will put a link on our City website &/or Face Book pages to take you to the video.

If you have any questions call me at the number listed below. If no answer, please leave a message and I'll get back to you as soon as I can.

Thank you and hope to see you there.

Gaylon Pewe

Public Works Director
