Kida explained the need for an amended agreement with 3M due to additional expenses incurred that relate to the new pump and electrical at Well #5. He also noted that 3M is fine with the Well #7 costs. It was also stated that the City Engineer is concerned with the cap of 10% for engineering expense since originally Barr was going to engineer the project and 3M was going to drill the well with Shive as a consultant. With Gingerich drilling, Shive will be engineering the project so we will need to discuss this with 3M also. City Attorney Frey added that we do have environmental counsel for expert advice.

Thanks!
